Pick up your RV in Delta in the morning and travel east on Highway 1. Once you pass the town of Hope you will leave the Fraser Valley and the Coquihalla Highway will start climbing into the mountains. Notice how the landscape is changing from dense forests to a wide-open valley once you pass the Coquihalla Summit and start descending into the Nicola Valley. Near Salmon Arm the highway will start following the shoreline of Shusawp Lake, providing you with some spectacular views along the way. Visit the ghost town and train museum at Three Valley Gap in the afternoon. Just before Revelstoke you can visit Craigellachie, the location where the last spike of the Canadian Pacific Railway was driven. Arrive in Revelstoke in the late afternoon.

Day 2: Revelstoke to Lake Louise (250 km)

Continue east on Highway 1 and stop at the Rogers Pass Visitor Information Centre, where you can visit a great interpretive display of local wildlife or go for a short hike nearby. In Golden you will have the option to explore the new Skybridge, the highest suspension bridge in Canada. Keep an eye out for Bighorn sheep on the side of the highway after you depart Golden for Yoho National Park. This is the smallest of the four National Parks in the Canadian Rockies, but it is spectacular nonetheless! In the park you will visit Emerald Lake and Natural Bridge. MANNING PARK AND THE OKANAGAN VALLEY

Day 1: Vancouver to Manning Park (225 km)

Pick up your RV in the morning and travel eastbound to Hope. Remember to stop in Hope to stock up on groceries if you haven't done so already. Just outside of Hope on Highway 3 you can see the aftermath of the Hope Slide. This landslide occurred in the morning hours of January 9, 1965, and was the second-largest recorded landslide in Canadian history. After that, continue on the Crowsnest Highway towards Manning Park. This Provincial Park is home to over 100 species of alpine and subalpine wildflowers. Arrive at your campsite in Manning Park in the afternoon.

Day 2: Manning Park to Osoyoos (180 km)

Continue your trip on the Crowsnest Highway as it follows the Similkameen River upstream. The town of Hedley was once considered one of BC's richest mining areas. Nowadays, Hedley is more known for its quaint streets, unique attractions and friendly eateries. This self-titled "fruit stand capital of Canada" is mostly known for its agriculture, horticulture, ranching and winemaking. Arrive in Osoyoos in the late afternoon.

Day 3: Osoyoos to Summerland (75 km)

Originally built by hand at the turn of the last century, this impressive landmark is highlighted by 2 tunnels and 18 trestle bridges that are too spectacular for words. You can either rent a bike or explore part of the trail on foot. If relaxing by the lake is more your thing, you can enjoy the day on one of the many beaches along Okanagan Lake instead.
